ANTI-BRIBERY POLICY

The Central Public Procurement, in order to optimize public procurement, is committed to working with integrity and transparency, in accordance with the provisions of current legislation on integrity and fight against corruption.

In PERÚ COMPRAS, any attempt or act of bribery is prohibited in all processes and activities carried out within the framework of its powers, for which an Anti-bribery Management System has been established.

Likewise, PERÚ COMPRAS has a Compliance Officer, who has the authority and independence to supervise the implementation and maintenance of the Anti-Bribery Management System.

This policy is mandatory for all civil servants of PERÚ COMPRAS, regardless of their employment or contractual status or hierarchical level, as well as for other natural and legal persons who participate in the processes and procedures of the entity. Therefore, people who fail to comply with any of the provisions of this policy, after investigation, will be subject to the corresponding administrative, civil, criminal and/or contractual actions.

Civil servants of PERÚ COMPRAS and/or citizens have the obligation to inform and/or report actions, behaviors, evidences or other facts that may violate the Anti-bribery Policy. For this purpose, PERÚ COMPRAS promotes and promptly addresses concerns in good faith (inquiries or complaints) before any suspicious act or conduct; likewise, it guarantees their confidentiality and the protection of any type of threat, coercion or retaliation, for which they may access our complaint service channels: Institutional Portal: www.perucompras.gob.pe; Email: anticorrupcion@perucompras.gob.pe; Face-to-face (testimonial); Telephone: 01 6430000, extension 2190.

Finally, PERÚ COMPRAS is committed to meeting the requirements and continuous improvement of its Anti-Bribery Management System.
