## ABOUT MALAYSIAN TECHNICAL COOPERATION PROGRAM (MTCP)

The Malaysian Technical Cooperation Programme (MTCP) was officially launched on 7 September 1980 at the Commonwealth Heads of State Meeting in New Delhi, India, to signify Malaysia's commitment to the South-South Cooperation, in particular, the Technical Cooperation among Developing Countries (TCDC).

The MTCP emphasizes on the development of human resources through the provision of training in various areas which are essential for a country's development such as agriculture, economy, finance, public management and administration, science & technology and ICT, health diplomacy, safety and security including cyber security, cultural diplomacy, social development, environment-related to SDG2030, education, industrial and technical training. Annually, Malaysia offered more than 60 technical and capacity-building programs under the MTCP, which have benefited more than 35,500 participants from 144 countries.

For more information, refer to the MTCP Official FB page: https://m.facebook.com/MTCPMalaysia

## OBJECTIVES OF MTCP

1. To share the development experience with other countries;
2. To strengthen bilateral relations between Malaysia and other developing countries;
3. To promote South-South Cooperation (SSC); and
4. To promote technical cooperation among Developing Countries.

## ABOUT CIDB HOLDINGS SDN BHD

A corporate standing company owned by Construction Industry Development Board Malaysia (CIDB Malaysia). Representing as one of the strategic platforms for CIDB Malaysia to fulfill its role as a regulatory body, and custodian of the Malaysian Construction Industry.

Since its inception on 1997, CIDBH has effectively orchestrated the emerging forms of its corporate functional roles in the following areas:

1. Helping to raise the levels of quality output and productivity in the Malaysian Construction Industry via undertaking of construction workforce training, skills assessment and evaluation programs;
2. Fulfilling its role as a program enabler to spearhead various CIDB-led "Going Global" initiatives.

### 14th JULY 2022
*Only successful applicants will be notified*

## COURSE OVERVIEW

The infrastructure sector has received the largest share of public sector development expenditure in every one of the Malaysia Plans. Private sectors are now actively involved in infrastructure development where the Government had line-out many incentives and programs that could facilitate these activities.

This course will provide platform for Malaysia professionals and contractors to share experience and to promote our capability in developing infrastructure projects. Some samples of Infrastructure projects are highways, bridges, airports, mass transit and urban transportation system, rail projects, water supply and water resources; wastewater management; solid-waste treatment and disposal; electric power generation and transmission and telecommunications. Malaysia has several infrastructure mega projects that could be promoted such as Tun Razak Exchange, Pan Borneo Highway, LRT3, KLIA2 and etc.

## COURSE OBJECTIVES

1. To share and train senior officials and professionals from relevant foreign ministries/government departments/ agencies in the integrated township development concept.
2. To showcase Malaysia's capacity and capability by way of practice in the mixed development in the construction sector.

## COURSE CONTENT

1. Briefing and training by Malaysian Professionals on (but not limited to):
