ABOUT MALAYSIAN TECHNICAL COOPERATION PROGRAM (MTCP)

The Malaysian Technical Cooperation Programme (MTCP) was officially launched on 7 September 1980 at the Commonwealth Heads of State Meeting in New Delhi, India, to signify Malaysia's commitment to the South-South Cooperation, in particular, the Technical Cooperation among Developing Countries (TCDC).

The MTCP emphasizes on the development of human resources through the provision of training in various areas which are essential for a country's development such as agriculture, economy, finance, public management and administration, science & technology and ICT, health diplomacy, safety and security including cyber security, cultural diplomacy, social development, environment-related to SDG2030, education, industrial and technical training. Annually, Malaysia offered more than 60 technical and capacity-building programs under the MTCP, which have benefited more than 35,500 participants from 144 countries.

For more information, refer to the MTCP Official FB page: <https://m.facebook.com/MTCPMalaysia>

OBJECTIVES OF MTCP

1. To share the development experience with other countries;
2. To strengthen bilateral relations between Malaysia and other developing countries;
3. To promote South-South Cooperation (SSC); and
4. To promote technical cooperation among Developing Countries.

ABOUT CIDB HOLDINGS SDN BHD

A corporate standing company owned by Construction Industry Development Board Malaysia (CIDB Malaysia). Representing as one of the strategic platforms for CIDB Malaysia to fulfill its role as a regulatory body, and custodian of the Malaysian Construction Industry.

Since its inception on 1997, CIDBH has effectively orchestrated the emerging forms of its corporate functional roles in the following areas:

1. Helping to raise the levels of quality output and productivity in the Malaysian Construction Industry via undertaking of construction workforce training, skills assessment and evaluation programs;
2. Fulfilling its role as a program enabler to spearhead various CIDB-led "Going Global" initiatives.

APPLICATION DEADLINE

29th APRIL 2022

** Only successful applicants will be notified*

COURSE OVERVIEW

This specific training program on Mixed Development will give exposure to foreign participants on the concept of mixed development and samples of such development in Malaysia. Mixed-use development is a type of urban development that integrate residential, commercial, cultural, institutional, or entertainment purposes, where those functions are functionally integrated and have the end user's convenience and requirement in mind.

Through the course, the Malaysian government expertise, developers or service providers will share their experiences and best practices in development phase that includes planning and designing, construction and project management and relevant facility management activities. In addition, the experts also will share on the maintenance of mixed development projects including transit-oriented development (TOD).

COURSE OBJECTIVES

1. To share and train senior officials and professionals from relevant foreign ministries/government departments/agencies in the integrated township development concept.
2. To showcase Malaysia's capacity and capability by way of practice in the mixed development in the construction sector.

COURSE CONTENT

Sharing by Malaysian Professionals on (but not limited to):

1. Planning, coordinating and technical advice for mixed development projects and transit
2. Transport Oriented Development (TOD)
3. Preparation of urban and city master plans
4. Mass Housing Project Management
5. Energy Efficient and Environmentally Friendly

TRAINING METHODOLOGIES

1. Hybrid E-Learning
2. Live Lectures
3. Video & Simulation presentation
4. Case studies
5. Sharing Best Practices

ADMISSION REQUIREMENTS

1. Selected government officials and technical experts from the ministries/governmental agencies involved in the planning, design, coordination and managing mixed development projects;
2. Possess education at least degree level and have at least 2 to 3 years working experience in the field related to the program;
3. Must demonstrate a good command of spoken and written English; and
